SUPPLEMENTAL OFFICE ACTION

In a message on 12/23/2008, Applicants brought to the Examiner's attention that status of claim 12 is not clear. The rejection of claim 12 was inadvertently omitted from the Office action. The error is regretted.

Claim Rejections - 35 USC § 102

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1-15 and 27-30 are rejected under 35 U.S.C. 102(e) as being anticipated by Gai (USP 6,892,237).

Details of the Section 102(e) Rejection of claims 1-11, 13-15 and 27-30 have already been set forth in the last Office action. The details are incorporated herein by reference thereto.

Claim 12

It is inherent that entries in a memory are accessed by a self-incrementing counter in response to an op-code (action section of the entries in a rule table). It is inherent because without the self-incrementing counter, the entries stored in a memory could not be retrieved.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
